

Table 1.1: Event Organization

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
1	Workshop on Robotic Technology in Logistics	European Robotic Forum, ERF (http://www.edinburgh-robotics.org/erf2017)	March, 2017, Edinburgh, UK	Novel aspects in advanced logistic systems. Presentation of recent advances in robotics solutions for logistic systems, relation to EC H2020 activities and running projects	Academia and Industry, 30 attendees expected	CVUT , IML
2	Workshop on Robotic Technology in Logistics	European Robotic Forum, ERF (http://www.edinburgh-robotics.org/erf2017) for ERF 2017	2018		Academia and Industry, 20 attendees expected	CVUT
3	Workshop on IROS 2017 (together with A. Lilienthal, Orebro University)	IEEE/RSJ International Conference on Intelligent Robots and Systems, http://iros2017.org	Sept. 24-28, 2017, Vancouver BC, Canada	Multi-robot systems and human-robot interaction for logistic systems, application of cooperative robotic technologies in the domain. Planning and scheduling for large logistic systems.	Academia and Industry, 50+ attendees expected	CVUT

Table 1.1: Event Organization (... continued)

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
4	Workshop on IROS 2018 (together with A. Lilienthal, Orebro University)	IEEE/RSJ International Conference on Intelligent Robots and Systems, http://iros2018.org	Oct. 1-5, 2018, Madrid, Spain	Advances in multi-robot systems and human-robot interaction for logistic systems, application of cooperative robotic technologies in the domain. Planning and scheduling for large logistic systems. Prototype examples.	Academia and Industry, 50+ attendees expected	CVUT
5	Workshop	ACROSS Workshop on Advanced Cooperative Systems	2016	To facilitate the know-how exchange and build a research network between the participants. To organise presentations of recent results from recognized international centres relevant to the development of UNIZG-FER research capacities	Academia and Industry, 30 attendees expected	UNIZG-FER
6	Workshop	ACROSS Workshop on Advanced Cooperative Systems	2017	To facilitate the know-how exchange and build a research network between the participants. To organise presentations of recent results from recognized international centres relevant to the development of UNIZG-FER research capacities	Academia, 30 attendees expected	UNIZG-FER

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
7	Workshop	ACROSS Workshop on Advanced Cooperative Systems	2018	To facilitate the know-how exchange and build a research network between the participants. To organise presentations of recent results from recognized international centres relevant to the development of UNIZG-FER research capacities	Academia, 30 attendees expected	UNIZG-FER

Table 1.2: Public presentations (already done)

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
1	Meeting/Conference	European Robotics Forum 2016 (http://www.erf2016.eu)	21-23 March, 2016, Ljubljana, Slovenia	Short presentation (3 min) of SafeLog-Project	Academia, industry	KIT
2	Conference	19th International Conference on Information Fusion (FUSION, http://fusion2016.org)	5-8 July, 2016, Heidelberg, Germany	Two papers were presented: <i>Moving object tracking employing rigid body motion on matrix Lie groups</i> , and <i>On wrapping the Kalman filter and estimating with the SO(2) group</i>	Academia, industry	UNIZG-FER
3	Conference	The 2016 IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS 2016)	October 9-14, 2016, Daejeon, Korea	Miroslav Kulich, Roman Sushkov, Libor Průeucíl: Speed-up of Self-Organizing Networks for Routing Problems in a Polygonal Domain, presentation at Tenth International Cognitive Robotics Workshop (http://www.cse.unsw.edu.au/~cogrob/2016/)	Academia, 30 attendees	CVUT

Table 1.2: Public presentations (already done) (... continued)

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
4	Conference	The 2016 IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS 2016)	October 9-14, 2016, Daejeon, Korea	Miroslav Kulich, Vojtěch Lhotský, Libor Přeučil: Practical Aspects of Autonomous Exploration with a Kinect2 sensor, presentation at Workshop on State Estimation and Terrain Perception for All Terrain Mobile Robots (http://www.asl.ethz.ch/publications-and-source-workshops/iros-2016-state-estimation.html)	Academia, 30 attendees	CVUT
5	Conference	MobileHCI 2016	September 6- 9, 2016, Florence, Italy	Attended to get an overview about AR technologies and projects and exchange information about SafeLog	Academia, ~60 attendees	IML
6	Conference	AWE Europe 2016	October 18- 19, 2016, Berlin, Germany	Attended to get an overview about AR technologies and projects and exchange information about SafeLog	Academia, 1000 attendees	IML

Table 1.3: Public presentations (planned)

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
1	Conference	15th International Conference on Practical Applications of Agents and Multi-Agent Systems (PAAMS 2017)	21-23 June, 2017, Polytechnic of Porto, Porto, Portugal	PAAMS intends to bring together researchers and developers from industry and the academic world to report on the latest scientific and technical advances on the application of multi-agent systems, to discuss and debate the major issues, and to showcase the latest systems using agent based technology. It will promote a forum for discussion on how agent-based techniques, methods, and tools help system designers to accomplish the mapping between available agent technology and application needs.	Academia and Industry, ~50 attendees	IML
2	Conference	The 2017 IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS 2017)	24-28 September, 2017, Vancouver, Canada		Academia and Industry, ~30 attendees at session, ~200 at conference	KIT

Table 1.3: Public presentations (planned) (... continued)

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
3	Conference	22nd IEEE International Conference on Emerging Technologies And Factory Automation (ETFA 2017)	12-15 September, 2017, Limassol, Cyprus		Academia and Industry, ¿20 attendees at session, ¿50 at conference	KIT
4	Conference	11th International Conference on Human System Interaction (HSI)	2018, exact date and place are not determined yet	The conference offers a unique and interesting platform for scientists, engineers and practitioners throughout the world to present and share their recent research and innovative ideas in the interactions between human and systems. Relevant topics of interests: Human Machine Interaction, Cyber Physical Systems, Human Space Computing, Vehicular System, Wearable Network and System. SafeLog safety concept and Safety Vest are planned to be presented.	Academia and Industry, 30 attendees expected	KEEI

Table 1.3: Public presentations (planned) (... continued)

Event #	Event Type	Event Title	Date and Location	Target and Impact	Target Audience, Count	SafeLog Partners
Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
5	Exhibition	Hannover Messe 2018 and CeMAT 2018	April 23-27, 2018, Hanover, Germany	Hannover Messe is the world's leading trade fair for industrial technology, CeMAT is the world leading trade fair for intralogistics and supply chain management. Both are taking place at the same time in Hanover, this would be a great opportunity to show first results from our project.	Mainly Industry, ~50 attendees expected	IML
6	Conference	The IEEE International Conference on Robotics and Automation 2018 (ICRA 2018)	21-25 May, 2018, Brisbane, Australia		Academia and Industry, ~30 attendees at session, ~200 at conference	KIT
7	Conference	The 2018 IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS 2018)	1-5 October, 2018, Madrid, Spain		Academia and Industry, ~30 attendees at session, ~200 at conference	KIT

Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
8	Conference	17th International Conference on Industrial Informatics (INDIN)	2019, exact date and place are not determined yet	IEEE INDIN is the premier conference series presenting the state of the art and future perspectives of industrial information technologies, where industry experts, researchers, and academics share ideas and experiences surrounding frontier technologies, breakthrough and innovative solutions and applications. Relevant topics of interest: distributed, Embedded & Networked Control Systems, Real-Time Embedded Computing, Factory Automation, Human-Machine Interfaces, Mechatronics and Robotics, Wireless, Cyber-Physical and Cloud Technologies. Innovative technical solutions and preliminary validation results of the SafeLog safety system are planned to be presented.	Academia and Industry, 30 attendees expected	KEEI

Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
9	Exhibition	International Exhibition of Inventions ARCA, http://www.arca.com.hr/index.php?langId=2 , Union of Croatian innovators	2019, exact date and place are not determined yet	The purpose of the fair is to present the implementable and useful innovations from Croatia and the world. A stronger linking of the business industry with the academic community, as well as an increased use of the scientific and research infrastructure, improves the competitiveness of the Croatian economy. The promotion of innovativeness and innovators through international exhibitions and thematic conferences significantly contributes to the development of the culture conducive to innovation in companies and encourages their employees to think creatively and come up with innovative products and processes.	Academia and Industry, ~50 attendees expected	KEEI

Event number	Please select: conference, seminar/tutorial, workshop, special session, public media (press, TV, radio, etc.), fair/exhibition, other (please describe)	Event title (and reference – web page) if available, main organizer	Event date and place	Event mission/abstract and target topics (keywords) and expected impact	Target audience type (i.e. academia, industry, end-user community, etc. please distinguish also corporate and public), estimated num. of attendees	Responsible organizer from SafeLog, optionally co-organizing partners
10	Exhibition	LogiMAT 2018	exact date tbd, Stuttgart, Germany	The LogiMAT gives an overview of all significant and innovative technologies, products, systems and solutions for the whole logistic chain. Here results of the SafetyVest and AR can be shown as well as FMS	Mainly Industry, ~50 attendees expected	IML
11	Conference	MobileHCI 2017	4-7th September, Vienna, Austria	MobileHCI 2017 welcomes contributions related to any aspect of HCI technology, experience, methodology, and theory—or any mix thereof, and beyond, and solicits proposals for workshops, demonstrations, tutorials, and industrial case study papers.	Academia, ~50 attendees expected	IML
12	Conference	AWE USA 2017	1-2nd June, Santa Clara, California		Academia, ~4000 attendees expected	IML
